WEREWOLF

Hello, Time Travellers!

I have just had a very interesting day. It looked like night and it smelt like peppermint. Then I discovered that a bunch of very fresh-smelling aliens were trying to steal daylight! I managed to stop them, of course, but I learnt something very important – not all bad aliens smell bad. Sometimes they smell delightful. And sometimes good aliens smell horrific. The moral of this tale is: never judge a monster by its stink. Bye.

PREPARE FOR THE
LATEST WHO NEWS!

With brand-new episodes of **Doctor Who** getting closer and closer, we love hearing snippets and rumours about who's going to be appearing in the stories. Jessica loved filming the episode and said, "It was a magical experience and something I was very happy to do!" But who she plays is still a mystery.

FIVE FUN FACTS ABOUT FARTING!

Better
out than in,
I say!

FACT 1

Emperor Claudius of ancient Rome passed a law legalising farting at banquets. He thought it was dangerous for people to keep it in!

FACT 2

Parps are made up of lots of different gases in our intestines, but the one that makes them stink is called hydrogen sulphide.

FACT 3

The creature that produces the most flatulence in the world is the termite!

FACT 4

Everybody farts - even the Queen. The average person will fart 14 times a day!

FACT 5

Herring use farts to communicate with each other.

SPACE RACE

Coming to you
live from *Space
Station Cherry
Delta...*

... Where the
latest heat of the
*Great Space
Race* is about
to begin!

Oh boy. It's been
a while since I last
podoted a *racing
pod*!

Just remember
why you're doing this,
Decky. Four *pilots*
from the earlier heats
have *disappeared*
without trace.

We'll find
them, Doctor...
and I'll win the
race too. *I bet
my tail on it!*

"Aaaaand they're off!"

"The first challenge our
space pod pilots have to
face is to race around
that junkyard planet
directly ahead of them!"

BUT INSIDE
DECKY'S POD...

I'll be following
you in the TARDIS
- but keep this
homing beacon
with you, just in
case.

The instruments
won't respond.
*I-I'm losing
control!* What's
happening?

THE TARDIS LANDS IN A
STRANGE JUNKYARD.

According
to this *beacon*,
Decky came down
somewhere around
here. I hope he's
okay!

SCHRIILLZAK

Yow! I get
the feeling that
visitors *aren't*
welcome here!

That's strange -
they're the *same*
colour as the
racing pods...

Giant robots!
Usually, I'd be
excited - if only they
weren't trying to
zap me!

INSIDE THE YELLOW
AND BLUE ROBOT...

Doctor, help!
It's *me*, Decky! My
racing pod *changed*
shape around me.
I'm trapped!

Oh, it's no
use. He can't
hear me!

PING

I *knew* it.
Decky's trapped inside
one of those robots.
They are using *living*
beings as their *power*
source!

SKRAKAKKITCH

One of
the robots is
crashing into
the others.

That'll be the work
of a friend
of mine, I bet
his tail on it!

Got to reach my
shape-shifting
device - and hope
it works, for once. If
I can make myself
smaller, I might
be able to...

Aaaaargh!
It's causing
some kind of
feedback!

KKLAH

KKLUNK

FZZT

Decky's bought me some *time*. I can use it to *trace* the robots' controlling signal.

What a find! An old *Robot King*. I thought they stopped making these in the 2200s!

All-machinery-is-mine-to-control. Organic-life-will-be-eradicated-by-my-mechanical-army.

REEEEEE

You're just like a big old *universal remote control*, aren't you? But I have a better idea...

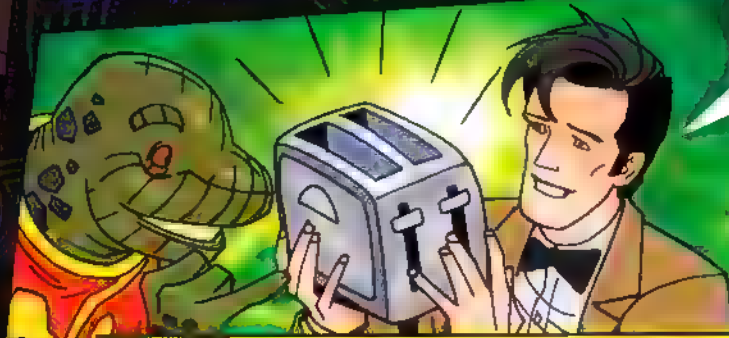

You-are-an-organic-life-form +++ like-the-ones-that-left-me-in-this-miserable-place-to-rust.

AND SO, SOON...

Doctor, the robots just *let us go*. They're nothing more than heaps of *scrap metal* now. Is that what happened to this one, too?

No, Decky. The Robot King has plenty of *life* left in him yet.

He just wanted to feel *useful* again. So, I fixed up this *old toaster* and downloaded his *consciousness* into it.

I'm sure he'll be very *happy* in there - and, more importantly, *no threat* to anyone.

DON'T MISS ANOTHER NEW ADVENTURE NEXT TIME!

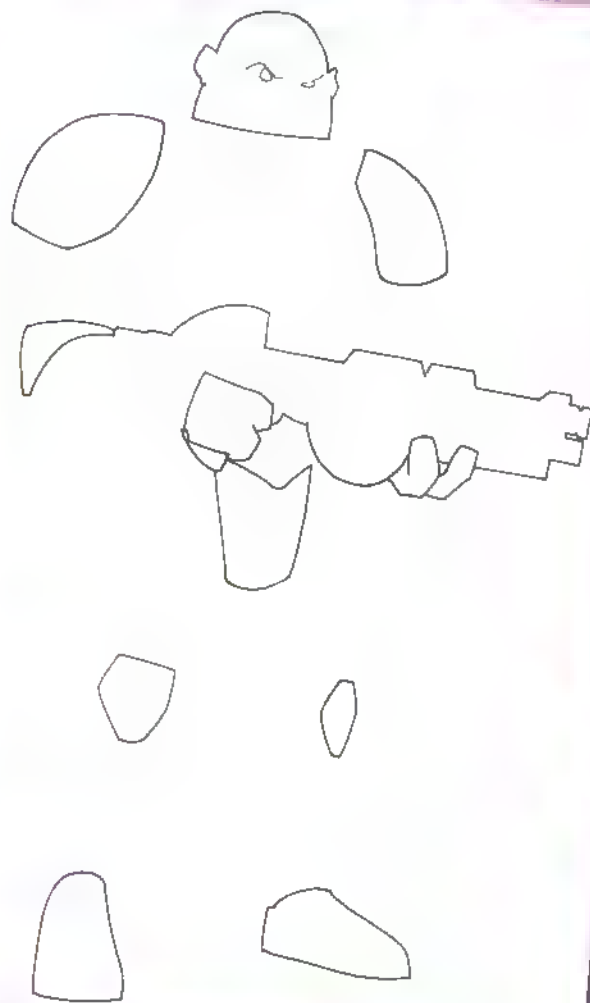

DRAW A SONTARAN

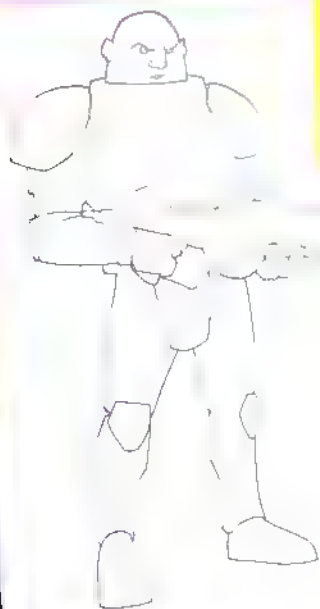

**JOHN ROSS, OUR COMIC ARTIST,
SHARES HIS SECRETS WITH YOU!**

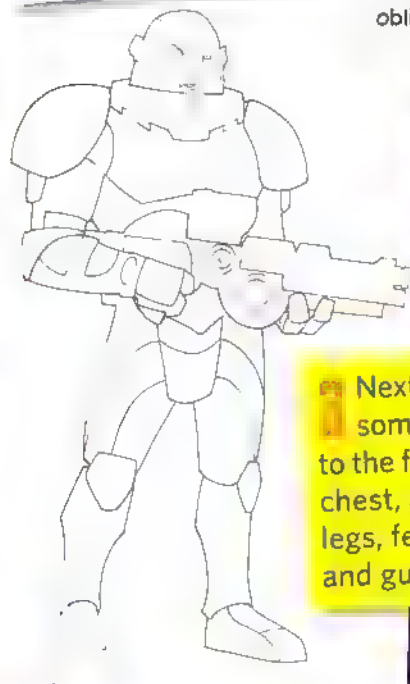

1 To get you started, I've drawn outlines of the basic shapes that make up a Sontaran - head, eyes, shoulders, elbow, hands, gun, knees and feet. Using a pencil, follow the steps below to add in the extra details.

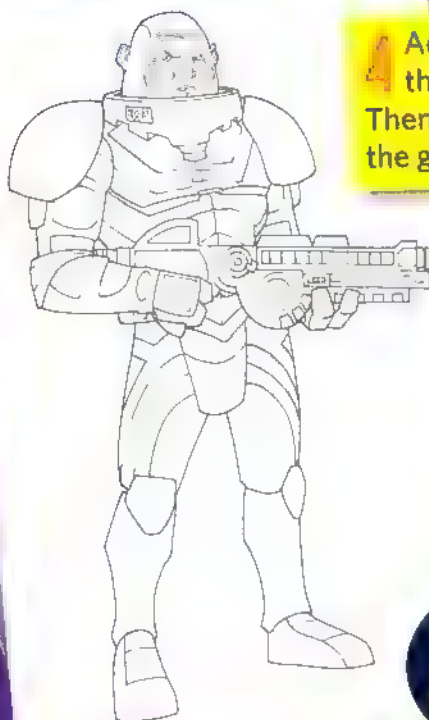

2 Firstly, draw in the arms, torso and legs, then add a fierce nose and mouth.

Hold your pen correctly - or I'll obliterate you.

3 Next, add some detail to the face, chest, arms, legs, feet and gun.

4 Add a few wrinkles around the face and fill in the ears. Then add the final details to the gun and armour.

5 To get your Sontaran ready for battle, go over him in pen, add some colour and maybe even draw in your own background! Sontar-ha!

DOCTOR, DOCTOR!

Go on, ask me anything!

DO YOU HAVE A PROBLEM THAT NEEDS SOLVING? THEN ASK THE DOCTOR!

POD PERFECT

Dear Doctor,
Does the TARDIS have an escape pod?

Harry Greenway

THE DOCTOR REPLIES:

In a word, Harry, no. The thing is, if there is a force, an event, a monster, a storm or a dimension-riding space dragon powerful enough to destroy the TARDIS, then a teeny-tiny escape pod wouldn't stand a chance. I mean, I would be teeny-ting on the outside, but obviously bigger-but-not-quite-as-big on the inside. With cushions. And a swimming pool. And a library.

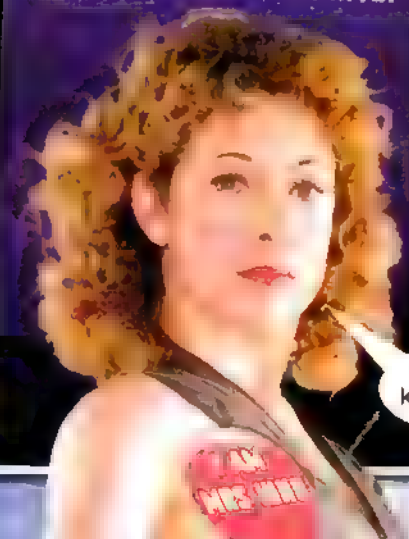

THE DOCTOR'S WIFE

Dear Doctor,
Is there a Mrs Who?
Cornell Martin

THE DOCTOR REPLIES:

Interesting question. There are over 12,876,544,878,349,756,346,734,5 Mrs Whos in existence through time and space. One of them runs a dry cleaners on Clont, another once hit a naughty Zygon with a shovel and one is quite simply a grapefruit. Now, if you're asking if I have a wife, then there's only one woman that I can talk about. And if I don't, I'll be in trouble. And no-one wants to be in trouble with River Song.

It's you know Who!

RUDE TO THE OOD

Kissy, kissy!

Errr...

Dear Doctor,
Would you kiss an Ood on the mouth?
Elia Sharafi

THE DOCTOR REPLIES:

What a strange question, Elia! I love Ood. They're nice. Not when they're all red-or-green-eye-ish, but the rest of the time. I like their little hind brains and shiny heads. But to answer your curious enquiry, no, I wouldn't kiss an Ood on the mouth. Mainly because they don't have mouths. They have paddles of frothy fronds. No, thank you!

MONSTER

THIS WEEK: SONTARANS

DEAR SONIA

How do you make sure each Sontaran clone is the right height?

Hughen McCullin

Yes, we are small.

STRAX REPLIES

How do you make sure each Sontaran clone is the right height? Well, I don't know. I've never seen a Sontaran clone before. I've only seen the real thing. And they're all the same height. So I guess you just have to make sure you're all the same height. But I don't know. I've never seen a Sontaran clone before. I've only seen the real thing. And they're all the same height. So I guess you just have to make sure you're all the same height. But I don't know.
